

SAVING WITH SOLAR

Your Byron Neighborhood Group is happy to introduce the Byron Community Saving with Solar program. You now have the opportunity to sign up and participate in Community Solar Energy from our local solar farms.

To learn more about the Byron Community Solar Program, please join us Your Neighbors and **Neighborhood Sun** at the Byron Fire Hall, Tuesday 1/21/25 at 7pm

What is Community Solar? Community solar allows renters and homeowners to benefit from a local solar farm without the cost or installation of panels. By subscribing to a share of the farm's energy, you support clean power and receive credits on your electricity bill for the solar power generated, saving you money each month.

If you can't make the meeting find more information at...
